

Membership Categories

Corporate (voting): Any company, corporation, consultancy, and/or business activity participating in a commercial or research venture involving solar energy technology and all contractors, tradesmen, plumbers, electricians, planners, architects, and builders seeking to enter the solar industry. Out of state businesses may also support MDV-SEIA as non-voting members.

Dues are \$200-\$1000 depending on revenue from solar portion of business, with voting rights for the organization.

Professional (voting): Includes consultants, architects, engineers, lawyers, and real estate.

Associates (non-voting): A non-profit organization, government agency, or educational institution with an interest in solar energy, strategic partners, community groups, housing authorities, or state energy offices. Dues are \$50 or reciprocal membership.

Individual (non-voting): An individual who works for a professional or associate member in good standing who wants information directly from the association, or persons interested in solar energy who wish to support the objectives of the association. Dues are \$25.

Sponsors (non-voting): Sponsors, including foundations and government agencies, receive a special space on the MDV-SEIA website, are kept up to date on all association happenings, and are recognized for their contribution by members and the board of directors. Dues are \$1,000.

MDV-SEIA

Maryland DC Virginia Solar Energy Industries Association

Membership Application

About MDV-SEIA

The Maryland DC Virginia Solar Energy Industries Association was founded in 1984 as a 501(c)(6) trade association that promotes the growing market for solar energy equipment in the Mid-Atlantic region. As a trade association, MDV-SEIA works to improve the business climate for those engaged in the solar industry and their customers, and is recognized as the voice of the solar industry in the region. The association speaks out on solar legislation, codes and standards, and seeks better financing while promoting consumer awareness of the products and services offered by members.

By joining MDV-SEIA, you lend your support to the group that most directly reflects your interests, and works diligently to promote your company's goals of greater solar product adoption. By pledging to uphold the Association's code of ethics, you also gain the right to advertise using the MDV-SEIA logo, which is an invaluable assurance to your customers and business partners.

Membership Benefits

- Participation in the MDV-SEIA Consumer Referral Program and a weekly listing of all inquiries.
- A listing in the annual MDV-SEIA Membership Directory and a listing on the MDV-SEIA website with links to your site.
- Networking opportunities at monthly local chapter meeting rotated to each region with optional teleconference.
- Representation in legislative and regulatory proceedings in three jurisdictions and the opportunity to provide testimony at hearings.
- Group promotional opportunities at regional trade shows in various locations promoting green buildings and environmental technology, including the Solar Decathlon.
- Potential for group purchasing on insurance with other SEIA state chapters.
- Potential for a financing package available from GE Money and the Electric and Gas Industries Association.
